A FATAL ACCIDENT.—One of the saddest occurrences it has been our misfortune to chronicle, is that of Sunday morning last when young Scotty Summers was called unwarned to an untimely grave. He was in the act of delivering, at the gas at Mono Mills, his last load of wood for the season, when, by some unaccountable means, he was thrown face downward from the top of the load to the ground immediately in front of the wagon, which passed over his body just back of the shoulder blades, causing, to all appearances, instant and painless death. The dread messenger seemed to be determined to claim Scotty for his prize, he having but recently recovered from a long and serious illness, and the news of his death startled his many friends, who looked for a bright future for their young friend. As soon as the news of the death reached Bodie, a special car was sent to the Mills to convey the remains and the relatives and friends of the unfortunate young man to Bodie, en route for this place, selected by the family to be the last resting place of their beloved Scotty. The funeral, which took place at 3 p. m. on Monday was one of the largest and most impressive that has ever been attended in our Valley. About 40 carriages and wagon loads of people formed into procession to pay their last respects to the memory of their young friend of yesterday. The funeral services were conducted by Wm. O. Parker, who read the burial service. The choir, composed of 8 voices, rendered appropriate selections. Scotty's friends were only lighted by the number of his acquaintances. None knew him but to respect and love him. He was quiet and gentlemanly in his demeanor, exemplary in his habits, totally abstaining from all use of intoxicating liquors or tobacco, habits which a large number of young men find too tempting to be resisted. Scotty's death was a severe, almost fatal, blow to a mother whose whole soul, whose very existence is wrapped in the lives of her very devoted sons and daughters. The deceased was 19 years old and a twin son of Mrs. Ann Summers, of this place.

MISTAKEN.—On Monday last, in the Superior Court, Senator Reddy, counsel for the Standard Con., took occasion to refer to our item of Saturday last in relation to the Bulwer Standard trial and intimated that we had "taken sides" in the case and that we had no right to say that Judge Hakes would take the matter under advisement, etc. There was nothing in the item showing any "taking of sides" on our part. We stated that "both Companies claimed the answers as being favorable to their particular side," and that Judge Hakes would take the case under advisement; arguments to be made on Monday last. As the item was not out of the way in any particular, we cannot see any necessity for our distinguished friend to refer to it in the manner he did. We heard none of the testimony and were not in a condition of mind thereon to "take sides" with either Company. We can only say that we hope the Company that is in the right will win the suit—whether it be the Bulwer or Standard. The Senator knows that we never express an opinion in regard to cases on trial in our Courts before a jury.

A WARM CONTENT.—The campaign for county offices has been a warm one, and all will be glad when the end comes, in the humble part we have taken in the contest we have endeavored to do our part with a fairness to all opponents, believing that "and-throwing" too often bespeaks those who indulge in it; but we have had no desire, not the slightest inclination, to speak disparagingly of any candidate before the people. We advocate the selection of the Republican nominees because we think they are generally fitted for the offices to which they aspire; and we know that County Clerk Kister and Sheriff Morgan have been efficient officers. Their respective offices have been conducted more economically than has been the rule in years past, and this year's low tax of \$2.25 is in part the result of this economy, and we believe the reward of a re-election should be accorded them.

SCIENCE AT BENTON.—John Krenkow, an old resident of Benton, in this county, committed suicide at 4 o'clock yesterday morning by shooting himself in the head. He had been on a protracted spree, and yesterday morning shot himself in the side, then cut himself, and followed it up by putting the pistol to his forehead and blowing the top of his head to pieces. He was a native of Germany and aged 55 years.

The Republican county ticket is worth voting without scratching—all good men.

## THIS IS THE "WONDER SHIRT"

There is no weak spot anywhere.

The latest shirt issued under the "Acorn" Brand is "THE WONDER," and it is also the best shirt ever made for the Trade.

The following are some of its principal points of excellence, a printed list of which is attached to each shirt:

1st—It has the finest and heaviest muslin ever put in a shirt. (Ultra No. 100 improved).

2—It has a 3-ply linen bosom.

3—It is of extra length.

4—It is reinforced, both back and front, extending and meeting under the arm where most needed.

5—It has the Tomlinson patent endless facing.

6—It is custom made and finish.

7—It cannot break or tear anywhere.

Like the Deacon's "one-hoss shay," it has no weak spot, and will serve "give" anywhere, but, at the end of scores of years, it will dissolve into gas—not a thread broken or a seam started.

Fathers will bequeath these shirts, purchased in early manhood, a precious legacy to their children.

We expect a large demand for them to place in the corner stones of new structures as evidence of the greatest triumph of modern civilization.

We are taking steps to put this crowning achievement of art into the "Acorn" agencies in London, Paris, Berlin, St. Petersburg and Constantinople, when it can not fail of instant and permanent success.
